

## STOCKLOT POTS AND PANS

CODE	Description	Photo	TECHNICAL CHARACTERISTICS	Quantity
0002450124	PAN 24 cm. in Stainless Steel Brand is MONETA COPPER PROFESSIONAL		Aluminium alloy 4006. Bottom of pot and pan ideal for all types of fires except induction. Can be put even in oven. Internally has a non-stick PROTECTION BASE. The outside is polished aluminium with copper coating effect. Edge trimmings. The handles are in stainless steel fixed with rivets. Packed in Special Edition each with nylon.	2.200
0002450516	CASSEROLE 1M 16 cm. STAINLESS STEEL BRAND MONETA COPPER PROFESSIONAL		Aluminium alloy 4006. Bottom of pot and pan ideal for all types of fires except induction. Can be put even in oven. Internally has a non-stick PROTECTION BASE. The outside is polished aluminium with copper coating effect. Edge trimmings. The handles are in stainless steel fixed with rivets. Packed in Special Edition each with nylon	6.280
0002450720	CASSEROLE 2M 20 cm. STAINLESS STEEL BRAND MONETA COPPER PROFESSIONAL		Aluminium alloy 4006. Bottom of pot and pan ideal for all types of fires except induction. Can be put even in oven. Internally has a non-stick PROTECTION BASE. The outside is polished aluminium with copper coating effect. Edge trimmings. The handles are in stainless steel fixed with rivets. Packed in Special Edition each with nylon.	2.237
0002450822	POT 22 cm. in Stainless Steel Brand MONETA COPPER PROFESSIONAL		Aluminium alloy 4006. Bottom of pot and pan ideal for all types of fires except induction. Can be put even in oven. Internally has a non-stick ARTECH. The outside is polished aluminium with copper coating effect. Edge trimmings. The handles are in stainless steel fixed with rivets. Packed in Special Edition each with nylon	4.536
0002454328	WOK 1M 28 cm in Stainless Steel Brand MONETA COPPER PROFESSIONAL		Aluminium alloy 4006. Bottom of pot and pan ideal for all types of fires except induction. Can be put even in oven. Internally has a non-stick PROTECTION BASE. The outside is polished aluminium with copper coating effect. The handles are in stainless steel fixed with rivets. Packed in Special Edition each with nylon	3.605
0002458732	PAN 2M 32 cm in Stainless Steel brand MONETA COPPER PROFESSIONAL		Aluminium alloy 4006. Bottom of pot and pan ideal for all types of fires except induction. Can be put even in oven. Internally has a non-stick PROTECTION BASE. The outside is polished aluminium with copper coating effect. Edge trimmings. The handles are in stainless steel fixed with rivets. Packed in Special Edition each with nylon	5.286
0004610126	PAN CERAMIC 26 cm. P&P		Aluminium alloy 4006. For all types of fires except induction. Internally coated in ceramic and externally in enameled porcelain. Handles are in in bakelite soft touch effect. Packaging: banded	318
0003860126	PAN 26 cm. practical Stone		Aluminium alloy 4006. For all types of fires except induction. Internal anti-stick stone effect. External in PTFE stone effect. Handles in bakelite folded to save space. Packaging: banded	972
0003860124	PAN 24 cm. practical Stone		676	
0000720716	CASSEROLE2M 16 cm. Energysaver PLUS		Aluminium alloy 4006. For all types of fires except induction. Internal anti-stick coating ARTECH PLUS effect. External coating in enameled porcelain. Handles are in bakelite with energy saving device. Packaging: banded	1.362
0000725940	Roasting pan 35X25 cm. Energy saver Plus		Aluminium alloy 4006. For ovens. Internal anti-stick coating ARTECH PLUS. Outside coating in enameled porcelain. Packaging: banded	978
0000728724	PAN 2M 24 cm. Energy Saver Plus		Aluminium alloy 4006. For all fires except induction. Internal anti-stick coating ARTECH PLUS embossed effect. External enameled porcelain coating. Handles in bakelite with energy saving device. Packaging: banded	858
0000728728	PAN 2M 28 cm. Energy Saver Plus		540	
0000720720	CASSEROLE 2M 20 cm. Energy Saver Plus		Aluminium alloy 4006. For all fires except induction. Internal anti-stick coating ARTECH PLUS embossed effect. External coating in enameled porcelain. Handles in bakelite with energy saving device. Packaging: banded	414
