

Ice Grips

Ultimate traction on Snow & Ice

shoes | boots | trainers | heels

Compact and lightweight, Spikez can be stretched over any type of shoe, boot, trainer or even heels to provide enhanced stability when walking on snow and ice.

SPIKEZ™ FOR HEELS

Spikez™ unique slip-on design fits over most heeled shoes and boots or ballet pumps

GET A GRIP THIS WINTER

Ergonomic design ensures a snug fit on shoes, boots and trainers and helps to prevent Spikez from falling off or moving around while in use

PERFECT FOR WINTER

Spikez™ are perfect for walking to work, working outdoors, walking the dog, clearing the driveway and running or hiking during the harsh winter months

EASY TO USE

Easy to get on and off - Pull over your existing shoes, boots or trainers. Full foot slip protection with heel and forefoot cleats maintains traction throughout your natural stride while walking

STORAGE

Spikez™ come with a drawstring pouch for easy storage. Keep them in your pocket, handbag or glove box, ready for instant use
